

Tableware, merchandise & packaging

Menus, coasters, napkins, bill holders and table stands, staff badges, mugs and gifting, delivery bags, packaging, signage and print, made to match your uniforms.

One partner for everything your team wears and serves on

RestroCart has designed and made custom uniforms and supplies for restaurants, cafes, bars, bakeries, hotels and cloud kitchens since 2018: 250+ F&B brands, all under one roof in New Delhi. Every photograph in this catalogue is a real order, made to a client's brand colours and logo. Anything you see can be made for you in your fabric, colour, size and branding.

HOW ORDERING WORKS

1. Send your brief on WhatsApp or at restrocart.com/get-a-quote: roles, headcount, logo, date.
2. Our design team shares mockups, fabric or material swatches and a quote.
3. We make a sample for your approval; production starts only after you approve.
4. Quality-checked, packed by role and size, delivered to your door anywhere in India.
5. Typical timeline: 2 to 3 weeks design and sampling, then 2 to 4 weeks production.

Custom MDF, wooden and sunboard menu boards

Start with how often your menu changes. If it changes often, keep the MDF or wooden board permanent and hold the dishes on a paper insert with a clip, screw posts or rings. Laser engrave the logo for a tonal, permanent look, or UV print when you need full colour. RestroCart makes MDF, wooden and sunboard menus in New Delhi and ships across India. The 47 photos below are real orders.

Custom leatherette menu covers and folders

Yes, for most dine-in restaurants, bars and hotels. Leatherette looks premium, wipes clean in seconds, resists spills better than paper or fabric and takes debossing, foil stamping and print for branding, while inserts change without replacing the cover. Choose wood or MDF for casual cafes and paper for weekly menus. RestroCart makes leatherette menus in New Delhi. The 17 photos below are real orders.

Cork, MDF and leatherette coasters side by side

Choose cork for absorbency and warmth, since it handles condensation from cold drinks and feels natural. Choose MDF for the sharpest full-colour artwork and a solid, weighty feel. Choose leatherette for premium bars and lounges, where a debossed or foil-stamped logo suits the room. RestroCart makes all three in New Delhi, round, square or die-cut. The 26 photos below are real orders.

Custom embroidered table napkins for restaurants

Pure cotton is the most absorbent and suits fine-dine; poly-cotton holds colour, resists stains and needs less pressing, which suits casual dining; linen-look blends give texture with better crease recovery; denim suits casual brands. For any napkin going through commercial laundry, embroider the logo rather than printing it. RestroCart makes custom napkins in New Delhi. The 32 photos below are real orders.

Custom table napkins, mats and runners

RestroCart makes embroidered table napkins, denim and leatherette placemats, printed runners and cutlery wraps in New Delhi for restaurants across India, in cotton, linen-blend, denim and easy-wash poly. Branding is embroidered or printed to survive commercial laundering. 46 linen pieces from real orders are shown below.

Custom tent cards, QR stands and table stands

A QR table stand should carry one clear call to action per code, such as scan for menu, order, pay or review, a large high-contrast QR code with a short label, the table number if you serve to the table, and your brand. Use a sturdy wood, acrylic or MDF base and codes that point to links you can update. RestroCart makes these in New Delhi. The 17 photos below are real orders.

Custom bill holders and bill folders

Leatherette bill folders suit fine-dine restaurants, bars and hotels, because they feel premium, wipe clean and take a debossed or foil-stamped logo. MDF and wooden bill holders suit cafes and casual dining that use wood on the table. Printed paper holders suit high-turnover outlets. RestroCart makes all of these in New Delhi, often with a scan-to-pay QR. The 16 photos below are real orders.

Custom bill holders, caddies, tent cards and trays

Restaurants commonly customize bill holders and folders (wooden, MDF, leatherette or paper, often with a scan-to-pay QR panel), cutlery caddies and condiment holders, tent cards and QR table stands, captain order pads and serving trays. RestroCart makes them in New Delhi as one matching family; 45 are shown below.

Custom printed mugs, enamel mugs, bottles and glas...

For mugs used in service, choose a print method that survives commercial dishwashing, such as fired-on ceramic decals or quality sublimation on coated mugs, and keep the logo small on the guest-facing side. For glassware, screen printing or etching lasts longest. Enamelware suits rustic and outdoor concepts. RestroCart produces all of these for cafes and bars. The 31 photos below are real orders.

Custom food delivery bags for restaurants and clou...

Size the bag around your largest order, not your average one. Look for dense insulation on all sides, a wipeable food-safe lining, a water-resistant outer fabric, a removable divider for hot and cold items, padded straps and reflective strips, and brand the side panels as well as the lid. RestroCart makes custom delivery bags for restaurants and cloud kitchens. The 10 photos below are real orders.
